ABOUT STEVE HILTON

Steve Hilton is a passionate political commentator, policy innovator, and advocate for common-sense, people-first governance. Best known as the host of *The Steve Hilton Show*, Hilton brings clarity and conviction to today's most pressing issues. A longtime champion of decentralization, free enterprise, and family-centered values, Hilton has dedicated his career to pushing back against elite groupthink and standing up for working Americans.

Before coming to the U.S., Hilton served as a senior advisor to former U.K. Prime Minister David Cameron, where he helped craft forward-thinking policies on education reform, public sector accountability, and community empowerment.

Now an American citizen, Hilton is a leading voice for what he calls "positive populism"—a movement focused on restoring power to the people, reigniting economic dynamism, and protecting the cultural values that made the West strong. With a bold vision and sharp insight, Steve Hilton continues to inspire change.
